2. ~~\_\_\_\_\_~~, and  
Drs. ~~\_\_\_\_\_~~ were in to brief me on ~~\_\_\_\_\_~~ drug research  
program. I am satisfied that it is being well managed. They told me that  
the program costs about ~~\_\_\_\_\_~~ a year excluding staff salaries, which  
probably means a total cost of about ~~\_\_\_\_\_~~ and ~~\_\_\_\_\_~~ both feel  
that, if we are going to be in this business, ~~\_\_\_\_\_~~ for external research  
is about the minimum we should spend, and I have no quarrel with this.
